

Rohit Gupta | Full Stack Developer

Mumbai, Maharashtra | +91 7276806946 | rohittgupta808@gmail.com | [linkedin](#) | [github](#)

Professional Summary

Full Stack Developer with 1.5+ years of experience in developing scalable and performance-driven web applications using the MERN stack (MongoDB, Express.js, React.js, Node.js). Strong expertise in RESTful APIs, JWT authentication, real-time communication (Socket.io), and responsive UI development. Experienced in mentoring students as a Software Trainer while building production-ready applications. Passionate about clean architecture, optimized performance, and modern web technologies.

Technical Skills

- Languages: Java, JavaScript (ES6+), Python, C, C++
- Backend: Node.js, Express.js, REST APIs, JWT Authentication, OAuth
- Frontend: React, HTML5, CSS3, Bootstrap, Tailwind CSS, Framer Motion
- Database: MySQL, MongoDB
- Tools: Git, GitHub, Postman
- **Deployment:** Render, Vercel
- Cloud: AWS (Basic – EC2, S3, Cloud Watch, Docker, Kubernetes)

Professional Experience

Itech Computer Education | Full Stack Developer | Oct 2024 – Present

- Developed and deployed MERN stack applications with secure REST APIs.
- Implemented JWT authentication and real-time features using Socket.io.
- Improved project success rate by 30% and reduced bugs by 50% through mentoring and code reviews.
- Conducted hands-on workshops on JavaScript, React.js, backend development, and database systems (MySQL & MongoDB).

Projects

- BeatBond – Music, Chat & AI Platform (React, Node, MongoDB, Socket.io) Built full-stack real-time music & chat application with authentication and API integration.
- MovieBlog – IMDb-Like Application (MERN Stack) Developed movie review platform with CRUD APIs and secure user system.
- LMS – Learning Management System (MERN Stack) Built role-based course management platform following MVC architecture.

Achievements

- Runner-Up – MegaHack 5.0 Hackathon
- 2+ Years Experience as Software Mentor
- Built Multiple Production-Ready Full Stack Applications
